PROFESSIONAL EXPERIENCE

Freelancing Work

FULLSTACK WEB DEVELOPER SHOPIFY - DENIS | INNO ANGELS | JULY 2023

As a Shopify Application Developer at Inno Angels, I had the opportunity to make full use of my skills in API implementation with Laravel and application development with React.js. During a rewarding 3-month period, I actively contributed to the evolution and improvement of our Shopify platform.

WEB SCRAPER ON FIVERR - MANY CUSTOMERS | FIVERR | MAI 2022

- We provide web scraping and automation services for our customers worldwide, particularly in the e-commerce sector. We are able to bypass technical challenges such as proxies, captchas and Cloudflare, in order to collect valuable data from multiple websites.
- Core activities include confidential tasks as well as the scraping of well-known brand websites.

PROFILE

I am a DevOps professional with over 6 years of experience in project deployment, implementation, unit testing, and full-stack web development. I specialize in IT security.
